3. To navigate to a match simply click on it. You can also share it to a friend by clicking the share icon on the right side of the match bar.
4. Now you come to the Overview page of the match where you can read about it. To register for the match you simply click **Register**. On this page you can later access match information by clicking the different tabs like **Stages, Squads and Results**. Once the match has started you can access **Competitor mode**, a simplified view optimized for giving you information (stage info, results etc.) once the match has started. The matchbook updates dynamically as the admin changes something and you can download it in different formats at any time when it is published.

English below the Swedish text. Måndagen den 6e april blir det tävling i Rimfire/22lr PRS med inslag av fältskytte á la Sommarträffen. Det innebär fler stationer och mindre själv-ROande patruller och några (1/3 av stationerna) tillfällen där du måste mäta avstånden själv med hjälp av streckplattan i ditt sikte. Mer information och regeltillägg kommer efterhand tillsammans med en guide på hur du mäter avstånd med kikaren (tro mig, det är lätt som en plätt). Läs mer på infosidan

On Monday the 6th of April there will be a Rimfire/22lr PR match with some (1/3 of the stages) elements of Scandinavian field shooting where you have to determine the distance to the target yourself with the help of your scope. We will have more stages than usual and smaller self-ROing squads. More information and rule amendments will come later along with a tutorial on how to measure and calculate distance with your scope (trust me, it's easy peasy). Read more on the info page.
